To whom it may concern.

I am writing to acknowledge the great work that Simon Carpentier has completed as part of the Microsoft Student Partner program.

The program enlists the help of key students on campus to deliver information sessions for Microsoft. This requires great communication and presentation skills and a high level of technical knowledge. They also act as great ambassadors to faculty members and students. The passion and commitment they illustrate makes them great contributors to the business.

Thank you.

A handwritten signature in black ink, consisting of a stylized 'G' followed by a long, sweeping horizontal line.
